LLANGFNI, Chapel St., Garden wall to Perwaig

1/46/4

Nat. Grid: 468756 Ref. 29/4 (sq. 22)

- II The house is modern and of no interest but the garden wall contains a reset 15C doorway with 2 centred arch, moulded jambs and label, with trefoils in the spandrels. On the inner side, appressed to the wall, is a coeval soap with tapering semi-octagonal bowl. These probably came from the earlier parish church.
