Outstanding Conservation Area

II. Probably later C18, of same size as no. 38 Church St., which abuts, but older (or less altered). 3 storeys. Rendered. Plaster roof. On upper storeys are 3 sash windows with grazing bars, the side ones on top floor being shorter and blind and the right-hand one on 1st floor also blind. On ground floor is only one window (unbarred sash) and right-hand door of 3 panels (top glazed, others fielded) with overlight and rudimentary bracketed hood (apparently a concrete replacement). Simple moulded architraves to openings of lower storeys.
