

25 No. 2

Carn Pica

Bedd Arthur

1021

Lws k Owen

Pemb Arch Survey

1907

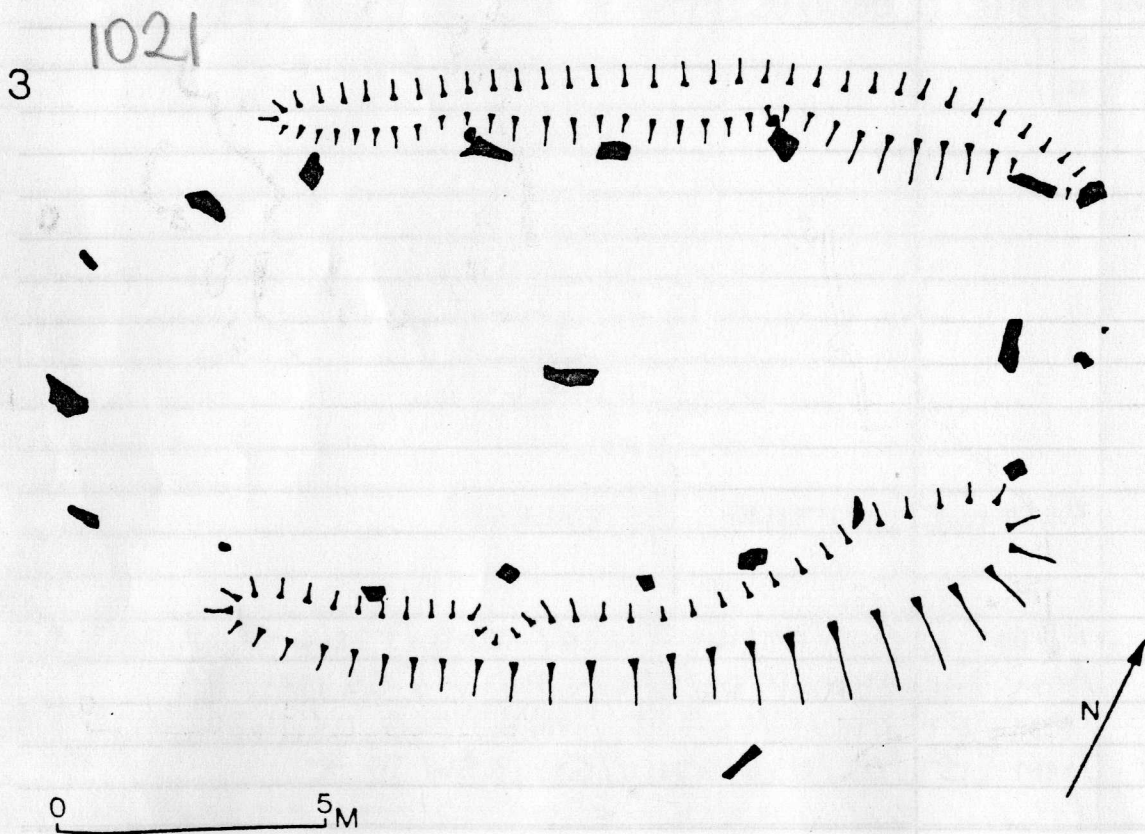

The Arthurian Legend cropping up, but this should surely have been the grave of Arthur's man.

Site visited 3/5/84 in response to report via PCNP (Clive Kirkbride) that the site was being damaged.

A stone was apparently been removed from the centre of the setting, but from the impression remaining this fairly certainly was only a recumbent surface erratic.
