

COMMENT

AUTHORITY

- 15 No. 5 Longhouse Careg Sampson Cromlech 2845, 2847
- This, one of the finest cromlechs in Wales, is described in Arch.
- Camb. IV, iii, 140 and IV, xiv, 345. In Fenton's time the 6 uprights
- remained; he calls the capstone 18 ft long. It is doubtful if there
- ever was a grange at Longhouse.
